TOWN OF GOSHEN

The State of New Hampshire

**THE POLLS WILL BE OPEN FROM 10:00 AM TO 7:00 PM
on Tuesday March 10, 2009**

**THE BUSINESS PORTION OF THE MEETING WILL BEGIN AT 6:30 PM
on Saturday March 14, 2009.**

To the inhabitants of the Town of Goshen in the County of Sullivan in the State of New Hampshire qualified to vote in Town Affairs: You are hereby notified to meet at the Goshen Town Hall in said Goshen on Tuesday, the 10th day of March, 2009 between the hours of 10:00 AM and 7:00 PM to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.

2. Zoning Amendment No. 1: Non-conforming Buildings, Land, and Uses

"Are you in favor of the adoption of Amendment No. 1, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? Amendment No. 1 modifies Section VI, Non-Conforming Buildings, Land, or Uses to clarify that the ordinance provides an exemption from the length of frontage requirement, but does not exempt those lots from the frontage requirement altogether."

[] []
Yes No

3. Zoning Amendment No. 2: Tourist District

"Are you in favor of the adoption of Amendment No. 2, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? This is an amendment of Section II Districting and General Provisions, paragraph A.2. The purpose of the amendment is to more clearly describe the Tourist District, but not to alter the size and location of the district."

[] []
Yes No

4. Zoning Amendment No. 3: Penalties

"Are you in favor of the adoption of Amendment No. 3, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? This is an amendment to Section XI. Penalty. The purpose of this amendment is to clarify that per RSA 676:17 state penalty provisions supersede any in a local ordinance."

[] []
Yes No

5. Zoning Amendment No. 4: Penalties

"Are you in favor of the adoption of Amendment No. 4, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? This is an amendment to Section IX. Zoning Board of Adjustment, Paragraph A. The purpose of this amendment is to define the deadline for administrative appeals to the Zoning Board of Adjustment."

[] []
Yes No

6. Zoning Amendment No. 5: Small Wind Energy Systems

"Are you in favor of the adoption of Amendment No. 5, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? This is an amendment to add Section III.T, Small Wind Energy Systems Ordinance. The purpose of this ordinance is to accommodate small wind energy systems in appropriate locations, while protecting the public's health, safety and welfare. A "Small Wind Energy System" is a wind energy conversion system to be used primarily for onsite consumption."

[] []

Cemetery Commission

We started this spring with our annual cleanup which has become one of the major work events of the year. This year we concentrated on the Four Corners Cemetery. We once again had the critical help of a crew from the Sullivan County Corrections. Thank you to Corporal Gokey for helping to organize this effort and to all the men who helped.

We also contracted the repair of the white picket fence fronting the cemetery. This had seen increasing damage over the years from cars baking into it. Springfield fence completed the job at a very favorable price. Jesse from the town garage installed some large boulders to [prevent further damage and hauled away the brush from the cleanup. Next year will see further cleanup efforts at Four Corners. This is a beautiful cemetery with the oldest stones in town dating back to the late 1700's. We plan to repair the rock wall, cut some over hanging branches, and dig out some stumps and more brush.

Other events included our attendance at the July meeting of New Hampshire Graveyard Association. The meeting was held at the Franklin Pierce homestead in Hillsboro. Arthur Jillette officiated as president and Lars Nelson attended as a member. We had a great tour of the homestead, a picnic lunch, and visited some of the local cemeteries. Veteran flags were placed this year by Eric Nelson. We would welcome a youth group to volunteer for this project. Arthur reports four lots sold with a return to the town of \$400.00 and six burials

conducted. Unfortunately we did have some vandalism this year at the Mill Village Cemetery as two of the white marble stones were spray painted. We were able to clean these but do begrudge the time wasted on such efforts.

A second major focus of this year was the continued cleaning of the head stones at the North Goshen Cemetery. Michele Costello has been working steadily at the job for two years and finished the entire cemetery by the end of this summer. We continue to use a non invasive anti microbial agent that is safe but effective. Next year we will finish headstone repairs at North Goshen and then start cleaning at Four Corners.

Mowing this year was done by TKL Enterprises at the usual times. This is their last year in the lawn care business and the 2009 contract is currently out to bid. Although the Selectmen decided to advertise the Town mowing a contracts all together we strongly feel the need to manage the cemetery mowing contract separately. The work requires a unique approach, has a specified time table, and needs to be monitored for both quality and damage control. Please not interfere with our work and our limited budget.

The year ended with our October annual meeting. Future projects will include resources dedicated to computerizing records, regulations revised and re posted, markings perpetual care graves, continued cleanup and restoration , filling to depressions at North Goshen, and ground work on the new section at Mill Village. We have confirmed with the Selectmen that volunteer work is acceptable and covered under our town liability as long as it is managed by us. Thank you again for your interest in Goshen Cemeteries

Respectfully submitted,
Lars Nelson

Conservation Commission

The Conservation Commission has oversight responsibilities for the Gunnison Lake/Williamson Park ("Goshen Ocean") lease area, Rand Pond Beach and Memorial Park:

Gunnison Lake / Williamson Park: The park has become a very popular area for swimming, picnicking and hiking. The three-mile Ruth LeClair Trail around the lake attracts many visitors who keep the trail fairly open; maintenance is performed by commission members when necessary. The bridge over Baker Brook was rebuilt by several commission members this past summer for safety purposes. Two picnic tables were purchased and installed in the picnic area near the parking lot. A work crew from the Sullivan County Jail helped to clear brush and undergrowth in the picnic area. Several members of the commission have volunteered to monitor the Gunnison Lake dam during unusual rain or melt events.

Rand Pond Beach: The beach on Rand Pond (which abuts the boat launch where people currently swim) consists of woods, a gently sloping shore, and several old trees that shade a grassy area. It was purchased by the town with a 50:50 matching Land & Water Conservation Fund Grant. Beach access is only available on a right-of-way that passes between private homes. Access by the boat access road is prohibited, for the road

only provides legal parking for people who wish to launch boats. Due to monetary, privacy and legal concerns the Conservation Commission has done nothing to develop the beach area, but does pay for trash removal on the access road.

Memorial Park: This sixty acre parcel on Brook Road was donated by Hazel Johnson to the town with a conservation easement held by the Ausbon Sargent Land Protection Trust (ASLPT) located in New London. Hazel wanted to preserve her property for wildlife protection. Once a year two ASLPT volunteers walk the property with Commission members to check for easement violations. The property is very rough, with wetlands, remnants of logging, and almost no trails.

Water Testing: Commission members conducted water tests on the Sugar River, Gunnison Brook, Blood Brook and Giles Brook twice a month from May to September as part of the NH Volunteer River Assessment Program under the NH Dep't of Environmental Services. The tests monitor eColi, phosphorus, turbidity, pH, dissolved oxygen, water temperature and specific conductance. Final reports for the last several years show that these waters are in good shape to support fish habitat, which in turn is good for humans.

ASLPT: Goshen is a member of the Ausbon Sargent Land Protection Trust (see next page) and has a representative on the Outreach Committee which was formed to educate and communicate with member towns. Members helped with, and attended, a "Saving Special Places" conference last spring.

Conservation Camp: The Commission sponsored a Goshen grade school student to attend one week of camp at Bear Mountain this year and hopes to do so again in 2009.

Respectfully Submitted,
Beatrice Jillette, Chair

Water testing at Giles Brook

The Ausbon Sargent Land Preservation Trust

The Ausbon Sargent Land Preservation Trust (ASLPT) has been a leader in the conservation of our natural resources in the Mt. Kearsarge/Lake Sunapee Region for more than two decades. This non-profit, citizen-based group's mission is to protect the rural landscape of this region.

Operated by a volunteer Board of fourteen Trustees, the ASLPT has grown from an all volunteer organization with an initial charter membership of 475 into an organization of over 1,100 memberships with a full-time executive director, two full-time land protection specialists and four part-time office assistants. We are pleased to have 100+ volunteers providing year-round support for easement monitoring, committee assignments and clerical work. Since our founding in 1987, the ASLPT has completed 100 projects and protected a total of 6,203 acres. All of our conservation lands must provide for some public benefit and two thirds of our properties offer public access.

Many of our members are involved in our events, are easement monitors, volunteer to assist with office work, organize fund raising events and serve on various committees. We are especially thankful for their support and the countless hours that they give us during the year. Our members are the lifeblood of the ASLPT and if you are not already a member, I urge you to become one.

During the calendar year of 2008, the ASLPT conserved eight properties including our 100th project. Integrated into your rural landscape forever are the following conservation easement properties: Baptist Pond Trust, 6.52 acres, Springfield; Town of Sutton-Russell Pond, 8.48 acres; Thad and Virginia Johnson, 92 acres, Sutton Mill; Shadow Hill Woodlot – Lorraine and Tim Davis, 50 acres, Sutton; Bradford Bog/Bradford Hotel & Spring, 177.8 acres; and Courser Phase 3 – three separate conservation easements, 440 acres, Warner and Webster. In early January 2009, we anticipate closing on two New London Properties and one Georges Mills property.

We also had an opportunity to work with the neighbors at Soo Nipi Park in conjunction with Lake Sunapee Protective Association to find a buyer to conserve 100 acres crucial to the Lake Sunapee watershed.

In April 2008 we were thrilled to be able to move to our new office located at 71 Pleasant Street. We are delighted to have the much needed additional work stations, storage and meeting space. Timed with the office move, we added two new members to our staff: Nancy Smith, Administrative Assistant and Andy Deegan, Land Protection Specialist.

The Outreach Committee of the ASLPT cosponsored a conference in April 2008 with the Center for Land Conservation Assistance, "Saving Special Places. The conference addressed the issues of planning and conservation, land conservation basics, funding, land management and other topics of interest to town decision makers. In November 2008 the Committee sponsored a workshop, "Maintaining Rural Character", for the decision makers on town boards and commissions in our region. The workshop provided opportunities for the participants to compare current policies to retain their rural character through zoning, planning and conservation.

The Land Trust has been working throughout 2008 to achieve accreditation from the Land Trust Accreditation Commission which is an independent program of the Land Trust Alliance. The Alliance conducts an extensive review of each applicant's policies and programs to insure that the Land Trust follows accepted accreditation practices. The public is increasingly demanding accountability from government and nonprofit organization, including land trusts. The land trust community has voluntarily heeded the calls for self-regulation. The accreditation seal will provide the Land Trust with enhanced credibility and respect from land conservation donors, members and others.

For further information regarding our land projects and future events, please visit our website at www.ausbonsargent.org.

I would like to thank everyone involved with the ASLPT either as an easement donor, a member or as one who contributes many volunteer hours to the organization. I am especially grateful to our generous supportive members who sustain the land trust. And on behalf of present and future generations, a heartfelt thank you to all the willing landowners who love their land and recognize that their actions will preserve our rural landscapes.....forever.

Emergency Management

To Goshen Town Residents,

My fellow residents in Goshen, I thank you for your support for Emergency Management. During 2008, we worked to prepare a Local Emergency Operations Plan (LEOP). This document was finally completed in late October. The plan tries to anticipate any emergency we might encounter and match resources and personnel to deal with the issue(s).

When the December ice storm hit us knocking out power to most of the Town, this tool was a valuable resource in helping us manage the crisis. I want to commend you for your ability and willingness to take care of not only yourselves but also to assist your neighbors who may have needed help.

I want to thank the Selectmen for their support during the planning and especially during the emergency itself. The Goshen Police Department assisted by initially checking on problems involving trees and wires down and later helped the Fire Department with other duties. Selectman Andersen made a trip to obtain nearly 200 cases of drinking water from FEMA, which was available for town residents who were without power.

The Goshen Fire Department was busy during the ice storm doing a range of public service activities from pumping basements to doing wellness checks on elderly members of our community. They also alternated a generator between the firehouse and the town hall in an effort to keep the buildings from freezing.

The Goshen Community church opened its doors to provide a place for people to get warm, take a hot shower and/or get a hot meal.

I offer my thanks to everyone who works to make Goshen a special hometown community.

Sincerely,

John Herr, Goshen Emergency Management Director

Fire Department / Rescue

THE GOSHEN FIRE DEPARTMENT answered 110 calls-for-services (CFS) in the year 2008. The breakdown of the CFSs is as follows:

Fire Calls:

Structures Fires 04

Chimney Fires 05

Mutual Aid Fires 10

Smoke/Fire Alarms 04

CO2 Detector 04

Public Assist 03

Forestry Calls:

Brush Fires 04

Illegal Fires 04

Tree/ Wires 09

Mutual Aid Fires 02

Vehicle:

Vehicle Fires 03

Vehicle Off Road 14

Collisions 06

Leaking Fluids 03

Abandoned 02

The rescue squad had a busy year as well, with 48 calls. Sometimes our CFSs overlap, but we have to document activity separately.

We received the replacement truck for the damaged truck, in May. The NFPA requirements and the emission control systems requirements made up most of cost increases to the new truck to get a truck as similar to what we had before.

The New Ipswich engine was returned after many training hours on our new truck were completed. A plaque and a gift was given to the New Ipswich Fire Department from the Goshen Fire Services Association to show our appreciation.

The Town purchased a Thermal Imaging Camera this year. This has helped in our efforts with trying to find "hot spots" and "odor investigations". The camera gives images based on different temperatures in areas that cannot be seen by an unaided eye. With this we can see into walls, chimneys, vehicles and partitions.

The Association purchased a Turbo Flow unit. This unit is placed into water and operates similar to a portable pump, with the exception that a small flow of water is pushed to it, from the engine, to help push a larger flow of water back to the engine. This allows the engine to be further from the water supply than before.

An office space was created, in the back area of the station, in an effort to better comply with the rules of confidentiality. This space is used to

secure records and is used as an Operation Command Center (EOC) in case of an emergency.

Our Engine 1 is approaching 33 years old; it was refurbished 10 years ago. The pump was originally 1000 gpm and now lacks recertification after last year's test because it can only pump 840 gpm (see last year report). In 1977, having a truck like this was state of art. In 2008, it's a liability, and replacement should be seriously considered.

If you have any questions or concerns about fires, the Fire Department, becoming a member of the Goshen Fire Department, or joining the Rescue Squad, please contact any member of the fire department, or myself, and we will be more than happy to help. Currently our meeting nights are as follows:

Dept.Training: First Wednesday of the month

Rescue Meeting: Second Monday of the month

Business Meeting: Third Tuesday of the month

Work Meeting: Last Wednesday of the month

The officers have started meeting twice a month (2nd and 4th Thursdays) in addition to the regularly scheduled meetings. The officers have specific projects and have to report the progress and status at these meetings. Several of these projects were completed, including the office space mentioned previously.

The Fire and Rescue Departments urge all residents to call 911 for all forestry, fire and medical emergencies. State your name, location,

and emergency, reporting emergencies by any other method will cause unnecessary delays

I would like to thank the Firefighter's families for the understanding and patience in our efforts.

Thank you,
Ricky Shepard
Goshen Fire Chief

This fall, the Association sent another mail-out asking for donations. The collections of these donations are placed in an account that is supervised by an Association Treasurer and can

only be spent by a vote of the Association. All money donated goes directly to the Association. If you have any concern on this matter, please contact any member of the Association or Fire Department. Please support them in their efforts. The Association's purpose is to support the Fire Department and members. It has, in the past, bought equipment, paid for training, helped current members (as well as past members) at moments of distress. Gifts were purchased for the children attending the Annual Library Christmas party. These are just some of the activities they do with the funds raised with the chicken B-B-Q, raffles and donations.

RESCUE REPORT

2008 was a busy year. The Goshen rescue continues to have many calls for service, some of which are becoming more complicated and difficult to handle. We currently have 4 EMT'S in town dedicated to serving you. It takes a great deal of time and education to maintain an EMT license. We have two intermediate EMT'S with one going on to be a paramedic. The ice storm of 2008 was a difficult time for all. Thank you to everyone who helped out. If you would like to help and volunteer some time for Goshen, please contact a member of the Goshen Fire department of Goshen Rescue.

Forest Fire Department

First of all I would like to again thank the community of Goshen for their continued support of the Goshen Forest Fire Department. With this type of community support and appreciation we are able to continue to upgrade the equipment for the fire fighters and the town, we are also able to receive additional trainings for the Firefighters, Warden, and Deputy Wardens. It is imperative that I do thank the Deputy Wardens for all the extra time they put into this department, the firefighters here in Goshen that give so much and ask for so little, most of all my thanks go out to our families that put up with us as we serve the community of Goshen – *Warden* Daniel Peterson, *Deputy Wardens* Ed Baker, Gordon Bartlett, John Herr, John Hopkins, Chris Moen, Jan Parmalee, Ricky Shepard, Clark Wamsley, Jack Warburton.

In review of 2008 we did experience some very high and extreme fire danger ratings in the spring and summer. During these times we had no major issues in Goshen, but we did respond mutual aid to Newport for a brush fire off Sunapee Street. Goshen was also requested for availability of equipment and personnel if needed to respond to a forest fire in a remote section of Charlestown. Goshen Forest Fire Equipment was also utilized during the Ice Storm of 2008.

The annual Warden / Deputy Warden training was held in Wilmot. The Goshen Fire Department continues to host the July dinner and meeting of the Grafton Sullivan forest Fire Wardens Association. Special thanks go out to the

many volunteers of the Goshen Fire Services Association for their assistance at this event.

Over the past year we did issue over 150 fire permits in the town of Goshen. We thank you for extending your courtesy to our families and to *call ahead of time for your fire permits*. As you know we are not always home and cannot assist on short notice.

Due to the Ice Storm damage in December we ask you to use extreme caution when cleaning up your downed trees. If you plan to be burning this brush and trees call for a permit. Also over the next few years we all need to be aware that a lot of trees have come down in the forests which will create a higher fire load in our area. I also cannot stress enough about trying to keep a 25 to 50 foot green space around your home to help protect it from wild fires.

I do like to remind you that you are responsible for any fire that you light. Per NH State laws you could be held financially responsible for any cost to extinguish, any damage associated with a fire that gets away from you, or caused by you. New laws in the state require that all these small chiminear or small portable fireplaces require a fire permit and should never be placed on a deck or within 25 feet of a structure. NHDES also reminds you that it is illegal to burn any trash, plastics, painted or plywood furniture, or demolition debris. It is best to dispose of them at the transfer station.

Friends of the Goshen Grange Hall

Did you know that the upper floor of the Grange Hall was built in 1853 as a Christian Chapel, and that it was located on Brook Road near the Backside Inn? And, that in 1875 it was moved to its current location to become a Methodist Church?

In 1892 this well-traveled building was purchased by the Sunapee Mt. Grange No. 144 and by 1903 boasted 142 members. In the years before radio, television and other electronic entertainment the Grange offered fun, fellowship, ritual and education to people in Goshen, Unity, Lempster and Sunapee. The original building was raised in 1905 so that a dining room and kitchen could be built underneath.

The Grange movement itself is of note for among its many accomplishments it is credited with the regulation of railroads, the birth of the Cooperative Extension Service, the establishment of Rural Free Delivery, and the Farm Credit System. Additional Grange causes were Women's Suffrage, Temperance, the direct election of Senators and the creation of local libraries. In New Hampshire the Grange lobbied for a State Police Force and established Agricultural Stations which evolved into the University System of New Hampshire. It was the first organization to give women an equal vote with men.

When the Sunapee Mt. Grange closed in 2002 and donated its building to the Town of Goshen, the town inherited a lot of history and many years of commitment by the townspeople of Goshen.

The Friends of the Goshen Grange Hall formed as a non-profit group in 2002 to raise money towards renovation of the Grange Hall. The exterior of the building was upgraded and stabilized through the financial generosity and volunteer work of the Friends and many other Goshen residents. The Friends raised money through flea markets, several suppers, three calendars and several raffles to pay for refinishing the second floor of the building. They also sponsored a joint project with the Hillsborough Historical Society to clean and renovate four theater curtains, two of which now hang in the Grange Hall.

The Friends continue to raise money from flea markets in the warm months of the year. Its 2009 "Living Free in New Hampshire" calendar is currently on sale at the Goshen Country Store and the Lumber Barn.

If you have quality items to donate for flea markets, call Fred Trommsdorff at 863-2045.

Beatrice Jillette, Secretary

Historical Society / Founded in 1969

The Goshen Historical Society is open to anyone interested in the history of Goshen and in making that history accessible to citizens and researchers alike. The society has official meetings in January, April, July and October and supports programs of historical interest throughout the year including Old Home Day. Meeting and program dates are posted at the Post Office and are announced in President Ethel Nilsen's column in the *Eagle Times*.

For some time now the society has been 'marching in place' but in late 2008 it began to step forward and start the monumental task of sorting through and cataloging its holdings of documents, photographs, clippings and artifacts. A dedicated membership has begun to meet regularly to uncover, protect and put items in a timeline using Walter Nelson's History of Goshen as a guide. We plan to display the results of some of our work during Old Home Day on July 11th of this year.

Our April 2008 program "This Old Goshen House" was very successful. Attendance was great and seven families shared stories and pictures of restoring some of the oldest houses in

Goshen. It was our first attempt at audio taping. The taping was done with mixed success, but we learned a few valuable lessons that were used in the launching of Goshen's oral history program which began in late spring with the reminiscences of Rita Purmort, Madeline ("Red") Shepard and Letitia La Fountain and will, if we can find additional help, continue this year.

Our November program, "Protecting and Preserving Old Photographs and Papers" led by Gil Shattuck of Hillsborough interested other historical societies proving that Goshen is not alone in dealing with scattered and unsorted treasures from the past.

During the course of the year genealogical queries were answered and information was provided for a book about New Hampshire's Old Home Day as well as an article for Kearsarge Magazine on the plank houses of Goshen.

We are working toward our goal of having work and storage space and a display area of our own that could be open to the public. Until that goal is achieved we rely on 'space available' provided by members. It is an important time for the Goshen Historical Society as we enter our 40th year. Come join us.

Frank Delva's Steam Mill, on Goshen Side of Sunapee Mountain

"The yellow birch tree grew out of the stone in foreground and down over the stone into the ground. Ray Smith remembered this 1912."

This photograph was a recent find in the Historical Society's collection. Does anyone have information about Frank Delva and this steam mill?

Olive G. Pettis Library: Trustee's Report

The year 2008 was one of innovation, improvement of services, cataloging materials, interlibrary exchange development, revamping, enlarging and modernizing library acquisitions, improvement in technology and reaching out to the public.

Besides all the usual community programs sponsored by the library (Rabies Clinic, roadside Clean-up, Christmas Party, Easter Egg Hunt, participation in Old Home Day, etc.) community participation was encouraged and resulted in the establishment of an Area Artisans Guild which meets every Tuesday morning, a knitting et al. group which meets twice a month, a pre-school program, young teen-agers volunteering to help especially with their knowledge of computer use, school children being helped with assignments, and the librarian and trustees attending many workshops and conferences. The list seems almost endless.

The number of volunteers wanting to contribute services to the library has increased appreciably – young adults, older citizens and teen-agers. Their suggestions are sought and implemented as much as possible.

One thing concerning the library's fiscal year and budget deserves notice. Although the library's fiscal year runs January 1 through December 31, the first half of each year (January 1 to approximately July 1) runs on the second half appropriation from the previous year; thus, the first half of 2009's expenditures are paid with the second allocation from the town for 2008. A second monetary note: many things the library was able to do this year resulted from the use of accumulated interest from library trust funds. Now that this money has been spent for improvements, the library will receive very little in interest for the one-year period of 2009.

Library hours are posted on the door; visitors are always welcome. Come browse, read from our extensive magazine collection, newspapers, recent fiction and non-fiction. Library Trustees' meetings are open to the public and dates are posted in the library minutes available in the post office.

Respectfully Submitted,
Lilyan B. Wright, Chair of Trustees

This library garden is one of several gardens in the center of town that were designed and planted by the *Goshen Garden Club*. Helpers are always welcome! Check at the library for contact information.

The residents of Goshen wish to thank Diane (Gosselin, Krause) for her vision, hard work, and dedication in creating and maintaining the Town gardens we now enjoy.

We wish her well in her new endeavors.
Thanks Diane

Olive G. Pettis Library: Director's Report

A LITTLE MORE THAN ONE HUNDRED

years ago, Mrs. Emma Sholes began her tenure as librarian in the brand new Olive G. Pettis Library. Today we still proudly serve this very fine community from the same building using the 'old' technology of printed and bound books. But now we also have the new technology of the Internet and audio/visual materials. The same service with a bit of change.

Change is Good

Changes, advances and improvements during the last eighteen months at the library, have been steady but slower than I envisioned when originally hired in August of 2007. Since my start date of September 1 of that year we have been robustly 'weeding' the collection. This work is time consuming, important and naturally ongoing. Our decisions are based on several criteria.

Is an item in good condition, not bug infested, mouse eaten, moldy or otherwise physically unhealthy or unappealing?

Has the item circulated to more than one person in the past eight years? If not, is it a classic or prizewinner or worthy of particular note (a historic memoir or essay, written by a local author, etc.)?

Is the item in question a collectible of particular monetary value?

I carefully research authors and titles before making a decision to remove a piece from the collection, and The Trustees and I consult throughout this process.

Catalogs are Better

In an effort to create an OPC (on premises catalog) accessible by computer at the library or from a patron's home, I began entries into a virtual library on LibraryThing.com. With continuing volunteer service, the complete collection will ultimately be searchable by you from your home computer as well as from the library computers.

You can search the pieces that have been entered so far, by title or author and eventually by subject; just go to www.librarything.com/catalog/OGPLibrary. This searchable cataloging is another on-going project; if you want to be a part of it - we encourage you to join us. One hour a month on the part of a dozen people will make light work of the effort and is greatly appreciated...and you really can do it.

We Now Have ILL

After I completed the appropriate training and entered enough titles from our collection into the state database, the Olive G was accepted as a member of NHUPAC. The New Hampshire Union Public Access Catalog enables our local readers to borrow books from libraries throughout the state. While we would like to be able to carry all of the books sought by all of our readers, this is not practical. Being a part of NHUPAC gives our community access to the Inter-Library Loan cooperative (ILL) and enables the library to procure material beyond our own collection in seven to ten days. This is a FREE service. Already several Goshen residents have made use of the program, and we have requests for loans from our collection. In the coming year I hope to see our lending services expand to include a 'book-mobile' service for homebound community members who will be able request material by phone or computer.

Getting Faster

This year has also seen an increase in the use of the WiFi service provided by the library. While WiFi is not actually "high-speed", it is substantially faster than dial-up service. We have a number of patrons from Goshen, Lempster, Unity, Newbury, New Jersey and Massachusetts making use of the service from their automobiles in the parking area and often getting cold enough to come in and enjoy the comfort of the library space. This past summer saw many seasonal residents using our WiFi while enjoying the library garden (kept beautiful by Linda Fournier – Thank-you Linda!). WiFi service has been a benefit to traveling business people as well as seasonal residents and visitors. Local high-school students and regional college students living locally or home for visits all access regularly. Now if we can just get FairPoint to upgrade to fiber-optics – high-speed here we come!

Student Aid

Students are always welcome at Olive's library; doing homework, browsing the magazines, waiting for rides home after school, meeting with friends, checking out a DVD or a book, or cat-napping in the rocking chair in the sunny reading room. On the scholastic front, extra effort is made to provide after-school tutoring and extra-curricular opportunities to students of all ages. High-school volunteers perform school-credited community service two hours a week. Several

high-school juniors use the library for extra prep work for their SAT tests. Grade and middle-school students get help on class assignments and produce colorful and high resolution projects on our computers and printer/scanner. Parents can schedule with me to get make-up work and extra-credit assistance for their child. Adults are applying on-line for college courses, personal growth classes, new jobs and (sadly) unemployment benefits. Tax preparation information and downloaded tax forms can be accessed on-line as well.

Play Time

For a more 'social-group' experience *The Goshen Area Artisan Group* is a quiet storm of creativity every Tuesday morning welcoming artists of all levels and fields to paint, bead, sculpt, sketch or just visit with fellow artists. *The Chatting Needles* needle-work group stitches twice a month on Wednesday afternoons after school and is attended by both adults and youngsters making for charming and lively conversation. The grant program *Humanities to Go*, sponsored by the New Hampshire Humanities Council, continues to be a vital part of the library's offerings. February brought Rebecca Rule to town for a second time. Two monthly book clubs will launch in April of this year -- *Mystery and Mirth* and *Awards Please*. If you have an idea for a monthly reading group of interest to you, please let me know.

Last April we held our first poetry contest and the published collection of that effort, *Poetry of Place*, will be available this year at our second annual endeavor -- *Poetry of the People*. We are also continuing to plan future presentation and discussion groups on varied topics with local speakers through this librarian's *Adults After Dinner* series. This past December Arthur Jillette presented the *Symbolism of Graveyard Art*, and in February Lilyan Wright shared her experiences during the 2008 Olympics with *Olympian Traveler -- China and Tibet*.

A new 'coffee-house' type program for musicians, poets and guests is in the works for a monthly slot...it should be starting in April. Add to these the numerous parties hosted by the *Friends of the Library*, generous patron sponsorship for programs

from museums, science centers, zoos and performance artists, and we are hopefully providing diverse, educational and entertaining programming for everyone.

Mission Vision

With limited display space and even more limited storage space, we need a very clear vision for the library collection and its mission in the community. As the director of the Olive G. Pettis Library, my mission is to clarify the focus and improve the caliber of our collection providing relevant, current and quality materials freely to our community. With the growing popularity of audio and downloaded books, and DVD materials, it is increasingly difficult to keep our collection truly current, but we are making the good effort. Concurrently we are improving our holdings of New Hampshire writers, Goshen and New Hampshire history and genealogy, and works of regional interest. Please continue to let me know what you would like to see the library provide in services and materials for you and your families.

100 Years and Counting

In closing, on November 18, 2008 we quietly marked the 100th anniversary of the opening of the Olive G. Pettis Library by processing our first official Inter-Library Loan transfer -- an 'old' service done a 'new' way. At the same time, local resident Ian Wagner began work on a web presence for the library -- check out GoshenLibrary.org on the World Wide Web -- we are excited about it (Thanks Ian!) and are eager for our library guests to help us make it a place they access frequently. Because of the physical changes taking place at the library during this time, an official celebration will be held on the 101st anniversary in November 2009. The Library Trustees, Friends of the Library, Staff Volunteers and I sincerely hope you will join us at that event.

Respectfully Submitted,

Planning Board

During 2008 the Goshen Planning Board met from one to three times monthly, as needed, to accomplish our business. A total of 21 regular public meetings and advertised public hearings, as well as 2 site visits, were conducted in 2008. All meetings were open to the public and were held the first and last Tuesdays of a month starting at 7:00 pm, unless otherwise noticed. In addition to meeting time, board members contributed significant time outside of meetings reading applications, reviewing maps and plan sheets, reading and re-reading state RSAs and Town ordinances and regulations, writing decision documents and draft proposals, obtaining training, and responding to inquiries from the public. The above schedule will continue in effect for 2009. I thank the public for their participation and encourage attendance at future meetings. Anyone wishing to serve as an Alternate Planning Board member should contact me. Overall, I'm sure you would find serving on the Planning Board a rewarding experience!

During 2008 the board made increased use of the Town's web site (<http://www.goshennh.org/index.html>), which is maintained by Karen Winterholer. Copies of all final minutes, decision documents, and other documents of public interest were posted to the web site in 2008. That practice will continue in 2009.

The board met several times with representatives of the New England Handicapped Sports Association (NEHSA) concerning their proposal for a new facility in Mt. Sunapee State Park. The facility and parking lot, as presented in a conceptual plan, would be located on land in Newbury and Goshen. Since the facility would impact wetlands and steep slopes and would involve a structure on slopes 25% or greater in Goshen, NEHSA was directed to the Goshen Zoning Board of Adjustment (ZBA) for a special exception and variance.

The board revisited the Mountain Reach condominium development plan at the request of the applicant. A modified proposal with smaller buildings located closer to the development entrance was approved. The modification represented a significant improvement in the overall layout of the development. The modified proposal increased open space to 67% of total acreage, eliminated the loop road and all buildings, except the existing house, from the northern part of the development, and reduced overall disturbance on slopes over 15%. The decision document may be viewed on the Town web site.

The board dealt with several gravel excavation matters during 2008. A public hearing related to application for a gravel excavation permit at the existing "Davis Site" in Goshen was held over several meetings. The permit was approved and can be viewed on the Town web site. A new application for gravel excavation at what has been known as the "Anderson" property came before the board. The board reviewed the application, and then directed the applicant to the ZBA for a special exception. Annual site visits were also conducted at Goshen gravel pits to examine ongoing operations and the state of reclamation.

Work continued on updating Goshen's 2002 Master Plan. A Master Plan should be updated every 5 to 7 years. A Saturday Workshop was held September 27 at the Goshen-Lempster Cooperative School. Invitations to the workshop were mailed to Goshen residents and landowners; 21 people participated. The time committed and comments provided by participants at the workshop were greatly appreciated. At the time of this writing, the board, with assistance from the Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC), was developing a survey questionnaire for distribution to all who reside or own land in Goshen. Everyone's opinion is important to this study. The final Master Plan will be completed in 2009. Results will be

presented at a board meeting and posted on the Town web site.

The board developed six zoning ordinance change proposals for 2009. The 2009 proposals included two amendments to clarify language in the existing ordinances, two minor proposals recommended by the Town's Attorney, and two proposals related to small wind energy systems (personal systems designed primarily for onsite consumption) and to outdoor wood-fired hydronic heaters. The full text of these proposals was posted on the web site and at the Town Offices.

The board assisted the Select Board and Building Inspector with development of a policy and a building permit form related to building on Class VI highways and private roads that have not been approved by the Planning Board. The authority to modify or adopt the policy rested with the Select Board.

Various board members received training by attending the Town Attorney's Municipal Law Update, the Office of Energy and Planning Conferences, the Lake Sunapee Protective Association presentation of the Lake Sunapee watershed study, as well as through significant on-the-job training by reading town and state ordinances and regulations, and by listening and discussing issues amongst ourselves and with our friends and neighbors.

The board recommended that the Select Board develop a warrant article to see if the Town will vote to expend funds for a professional service contract to evaluate Town space and building needs, to assess the status of existing Town Buildings to meet those needs, and to develop a plan of action to meet the needs. The Planning Board did not favor continuing a volunteer effort by Town residents to develop such a plan.

The board listened to an informal presentation by Jay Gamble, General Manager, Mt. Sunapee Resort, related to the concept of creating a Recreational District in the Town to include the Mt. Sunapee ski area and some additional adjacent land. As a result of the NEHSA meetings, the board became aware that Newbury has a Mt. Sunapee Recreation District that covers the leasehold area of the Mt. Sunapee Resort. The board may return to this topic in 2009. Consideration of any new district would require considerable cost-benefit analysis to ensure creation of such a district would be in the best interest of Goshen.

In 2008 long-time Planning Board Chair John Wirkkala and I exchanged the roles of Chair and Vice-Chair. I'm sure you all appreciate, as I do, John's past service as Chair and his continued service as Vice-Chair. I also want to acknowledge the contributions of members Jonathan Purick and Rich Moen, as well as Secretary Sue Peacock. Jack Scranton and Carl Wideberg were alternate members in 2008. Jim Carrick well-represented the Select Board on the Planning Board. Rich Moen also assumed the title of Administrator of Fees and Special Accounts, a new unpaid position we created this year to help monitor payment of fees by applicants. The board also wishes to express appreciation for the timely and useful legal advice provided by Attorney Bernard Waugh, the planning consultation services provided by Peter Dzewaltowski from the UVLSRPC, and Karen Winterholer's efforts to create and maintain the Town's web site. We look forward to another full year in 2009 and welcome your continued participation to help guide the process of planning in Goshen.

Allen L. Howe, Chair
Goshen Planning Board

Police Department

2008 HAS BEEN ANOTHER VERY BUSY

year for the Goshen Police Department. We found ourselves trying to use our resources to the best of our ability during the December ice storm. A major concern for us is the lack of power at our station during the storm. The Car54 project computers in our cruisers were a big help during this time, allowing us to continue to operate from our vehicles and respond to calls while our station was dark. This emphasizes the need to have a generator for the Town Hall building, which is also the town's designated public shelter.

We were unable to get any grants from the state during 2008, for lack of funds from Highway Safety. Our numbers for motor vehicle work decreased over that period. For 2009 I have secured four grants for the Town of Goshen, which have all been approved. The Radar and Traffic Enforcement Grant will run during the morning and evening hours, targeting speeders. The DWI Detection and Enforcement grant will be in the evenings, and on the weekends. Also an OHRV (Four Wheeler and Snowmobile) Enforcement Grant. Lastly a Mobile Data Terminal Grant, which allows dispatch to track us in real time, and allows us to run motor vehicle records on our laptops in the cruiser. These grants will allow us to add 280 hours of road patrol at no cost to the town. We will target large trucks more too, since there have been numerous complaints.

Calls for Service still remain high for a small town, and this has kept Officer Domey and Detective Pickering very busy during the year. We had a number of homes and businesses broken into this year, with some cases solved and property returned, while others are still under investigation. As the economy continues to stay down, these type of crimes will remain high.

Your officers attended some great training this year. I went to Cost Effective Patrol Management. Officer Domey attended Police

Prosecutor, Interview & Interrogation and Commercial Vehicle classes. Officer Heath also attended the Commercial Vehicle class. Detective Pickering attended the Detective School at the New Hampshire Police Standards and Training facility.

I would like to thank all my officers and the officers from neighboring towns for their hard work and dedication during the details that needed to be conducted for traffic control and safety while the Lempster Wind Power project power lines were being put in place. These details raised over \$10,000 in revenue for the Town of Goshen that was billed out for use of our cruisers. The second vehicle again has proven to be an asset to the town. The 2003 Ford Crown Victoria is starting to show its age and use but I feel strongly we will get another year out of this cruiser. This will keep us on track with my plan to rotate this car out in 2010. This will allow us to always have two vehicles under warranty with a 6 year per vehicle rotation.

As always I would like to thank the Fire Department and Highway Department for their continued service to the Town of Goshen. Special thanks to the Fire Department for their assistance at an untimely death this year. They provided us with equipment to complete our job that would have been almost unbearable without them.

I would like to personally thank the residents of Goshen who have allowed me to be their Police Chief for 10 years now, and a member of the department for 15 years. This is a great community my parents brought me to in 1982, and I hope to proudly serve the Town of Goshen for many more years to come.

Sincerely,
Edward Andersen
Chief of Police

Select Board

The Board of Selectmen are pleased to present the report of the Departments, Offices, various Boards, and Committees that operate and perform all of the functions of our Town. The Board of Selectmen are especially proud of the people that served and we appreciate the sacrifice that those individuals make for all of us. The Town would not function without their collective effort. The Board is grateful to all those that served.

The Board of Selectman beseeches all of our Citizens to step up and to lend a hand where they can serve our Town.

Respectfully,
The Board of Selectmen
James Carrick
Ed Andersen, Sr.

Budget Committee, 3 Years -- Christopher Moen

Budget Committee, 3 Years -- Peta Brennan

Budget Committee, 3 Years -- Theresa Cutter

Planning Board, 3 Years -- Jonathan Purick

Moderator, 2 Years -- Arthur Jillette, Jr.

2. Zoning Amendment No. 1: Noise Regulation

“Are you in favor of the adoption of Amendment No. 1, as proposed by the Goshen Planning Board for the Goshen Zoning Ordinance? This amendment adds to the Zoning Ordinance a prohibition against making loud and unreasonable noises (a provision already contained in the State Criminal Code), and details certain specific types of noises which are restricted during certain hours, or in certain locations near residential dwellings. Any violation continuing after written notice would be subject to the penalties provided under State law for other types of zoning violations. The amendment also contains a series of exclusions and exceptions.”

3. You are further notified to meet at the Goshen Town Hall in said Goshen on Saturday, the 11th day of March, 2008, at 6:30 of the o'clock in the evening, to act upon the following subjects:

Moderator Arthur Jillette calls the meeting at 6:30 p.m. to receive the reports of the Town Officers of Goshen and take any necessary action thereon

Motion made by Dennis Parmalee and seconded by Fred Smith.

Motion Passes.

Fred Smith asks why the detailed report of payment wasn't included in the Town report. James Carrick explained that they had difficulty getting the Town report together and it is not necessary. James Carrick thanked Jean Barrett, Barbara Paronto and Bea Jillette and Heather Peckham for all of their help. Ed Andersen Sr. thanked the Recycling Committee for all of their dedicated hard work. James Carrick explained that the Board of Selectmen would like to develop a committee to help with the governance of the Town. He further explains that Melanie Bell will chair the committee and Fred Smith, Jessica Dennis and Barbara Paronto would like to participate. James Carrick explains that the Road agent was suspended without pay in November. The Road agent was indicted and will come up for arraignment on April 4th.

James Carrick continues to explain that only the Road Agent is involved.

Jean Barrett motions to have article 23 and article 24 to follow article 15.

Seconded by Cynthia Phillips.

Motion Passes.

(Majority Vote Required). Recommended by the Selectmen; Not recommended by the Budget Committee.**

Article moved by Dennis Parmalee. Seconded by Steve Belden.

Jim Carrick explains that the Garden Club asked to have this article brought forward. Bea Jillette explains that she is not sure if this is a good idea or a bad idea because they have seen no plans or bids. Bea continues to say that she thinks this is too premature. Sheri Moen asks if this can be tabled for one year. James Carrick says yes.

15. **To see if the Town will vote to change the method of electing the Towns Road Agent every two (2) years to a Road Agents position that would be appointed by the Board of Selectmen. This change would take effect in March 2009. (Majority Vote Required).**

Article moved by Bryant Winterholer. Seconded by Nickole Johnson.

Rick Shepard explains that he does not agree with the Road Agent working on the Town trucks. He explains that with the past incident the Fire Department had to deal with, the first thing the insurance company asked to view was the maintenance records of the fire truck. Jim Carrick explains that he has asked to past Road Agent to keep paper work and maintenance records.

Bryant Winterholer asks to amend the article to read To see if the Town will vote to change the method of electing the Towns Road Agent every two (2) years to a Road Agents position that would be selected by a committee consisting of Police Chief, Fire Chief, qualified road person and two people selected by the Town Board of Selectmen.

Allen Howe explains that wording should be changed from selected to recommend. Doug O'Clair said that the Selectpersons need to be two of the people. John Wirkkala asks to amend the article to read:

To see if the Town will vote to change the method of electing the Town Road Agent every two (2) years to a Road Agents position that would be appointed by the Board of Selectmen with the assistance of a committee chosen for by the Board of Selectmen. This change would take effect in March 2009.

Amendment seconded by Dave Stephen.

Vote on Amendment.

Amendment passes.

Chris Moen explains that the Town still has a lot more work to do on this position. He continues by explaining job statistics and salary rates were supposed to be looked at. Moderator explains that all we are doing is voting to see if we will change the position from elected to appointed. A committee will then look into each individual and advice the Selectmen who should be hired. James Carrick explains that the Local Government Center has presented the Board with a job description and salary guideline in a draft form. Fred Smith called the question to stop debate.

Article moved by Dennis Parmalee. Seconded by Fred Smith.

Barbara Paronto explains that there is a statute that allows the Town to combine the two positions and make it one. Last year it was brought forward and that is why it is being brought up tonight. Bea Jillette explains that by combining the positions, it will make the two part-time positions one full-time position. It will make it easier at budget time. Nickole Johnson explains that it is not full-time but elected. Nickole Johnson explains that an elected official is not entitled to the same benefits that Town employees are. Barbara Paronto explains that it is not uncommon for a Town Clerk and Tax Collector to ask for benefits.

Question called by Chris Smith. Vote to end discussion. Discussion ended.

Article moved by Jean Barrett. Seconded by Fred Trommsdorff.

Fred Smith asks what percentage of the insurance does the Town pay and what does the individual pay? Moderator explains 15%-85%. Barbara Paronto explains it is appropriate for her to ask for this. Cynthia Phillips wants to amend the article for one year. Arthur Jillette explains that because it is petitioned it cannot be amended by someone whom did not sign it. Cynthia Phillips withdraws her amendment. John Wirkkala makes a motion to amend the article to one year.

Article moved by Bryant Winterholer. Seconded by Dennis Parmalee.

Rick Shepard explains that they have had to request neighboring towns to come in with their equipment. He doesn't think it will cost the full \$12,000.00 and that is why it says up to \$12,000.00. Steve Belden asks how many times a year have you needed one. Rick Shepard says 6-8 times. Jonathan Purick says that this is a life saving device.

Dennis Parmalee moves the question.
